

# Paradise - Lesson Learned— Camp Fire -First 5 Feet Around A Structure

Photo Top: School -Embers Caught Vegetation on Fire Which Damaged Windows and Caught the Eve on Fire. It is Assumed that Fire Fighters Extinguished the Fire to Save the Building. The Building is Situated in a Parking Lot, it was the First 5 Feet that Caused Ember Ignition.

Photo Middle and Right: House -Embers Caught Surrounding Vegetation and Arbor on Fire but the Lack of Flammable Items in the First 5 Feet Helped the Home Survive.
