

Wildfire Safe Neighbors

NEWS

The Butte County Fire Safe Council’s Jim Houtman and **Wildfire Ready Raccoon** want to help you get ready for wildfire. Whether it is signing up for defensible space fuels reduction or having a family conversation about your evacuation plan and zone number, there are many actions Cohasset residents can take. Ready had a great time meeting new friends of all ages at the Cohasset Bazaar and looks forward to visiting again soon. Read on to learn about the BCFSC’s recent initiatives for wildfire safety in Cohasset.

Follow Wildfire Ready Raccoon’s adventures and wildfire safety tips on Facebook, Instagram and TikTok; watch his Official Wildfire Ready Raccoon Rap on YouTube.

A plan for your community:

Forest Management Plans discuss how to effectively manage forest land in order to help mitigate loss due to wildfire.

Point your camera at the QR code here and it’ll take you to the new Cohasset Forest Management Plan. Read it to discover current conditions, fire modeling and solutions specific to your community.

The document can be viewed online or downloaded as a PDF.

EVACUATION INFORMATION AND TERMS:

Immediate Evacuation Order: Requires the immediate movement of people out of an affected area due to an imminent threat to life. Choosing to stay could result in loss of life. Staying may also impede the work of emergency personnel. Due to the changing nature of the emergency, this Immediate Evacuation Order may be the only warning that people in the affected area (s) receive.

Evacuation Warning: Alerts people in an affected area (s) of potential threat to life and property. People who need additional time should consider evacuating at this time. An Evacuation Warning considers the probability that an area will be affected and prepares people for a potential Immediate Evacuation Order.

Shelter-In-Place: Advises people to stay secure at their current location by remaining in place as evacuation will cause a higher potential for loss of life.
