Notice of Fuels Reduction: Cohasset Mastication Project

Date: 7-18-2023

Contact: Calli-Jane West

Website: Buttefiresafe.net

Phone: (530) 877-0984

Before Bernlo fuels reduction.

The Project is strategically located throughout Cohasset along Cohasset Rd, Hogan Rd, Via de la Cruz Way, Resources Ln, and Kidwell Pines Dr. The location is part of a greater effort to connect previously completed and upcoming projects to provide overall community safety. Understory vegetation will be reduced through mechanical mastication to restore forest health and establish a fuel break for the community on up to 200 acres.

As part of the ongoing efforts to increase public safety and reduce hazardous fuels in the community of Cohasset, the Butte County Fire Safe Council (BCFSC) in partnership with the Cohasset Fire Safe Council, and Sierra Nevada Conservancy (SNC) will be conducting fuels reduction in the manner of mastication to reduce dense vegetation, as well as restore forest health and improve watershed resilience.

After Bernlo fuels reduction.

“Funding for this project has been provided by the Sierra Nevada Conservancy, an agency of the State of California.”

Work is scheduled to continue through September. The BCFSC is a 501(c)3 non-profit, grassroots community organization.
