

Project Summary

Brush Creek Project

"Our vision is to create communities within a landscape that are resistant to the devastating impacts of wildland fires."

Fuels treatment with mastication.

Project Timeline:
November 2022 – April 2023

Project Description:
A Forest Health Feather River Watershed Resiliency project located in Brush Creek across from Fire Station 62 between Hwy 162 and Milsap Bar Rd.

- Project Goals:**
1. Restoring Forest Health in Brush Creek within areas affected by the North Complex Fire footprint.
 2. Reducing dead standing and downed fuels.
 3. Replanting mixed conifer seedlings to restore forest habitat.

Treatment Method:

- Mastication
- Hazard tree removal

Outcomes:

- Mastication Acres = 85
- Acres Replanted = 85
- Trees Planted = 15,575
- Trees Sheltered = 15,575
- Landowner Participants = 9

Grant Funding Sources:

- Forest Health Feather River
- One Tree Planted

Partners:

Before

After

"Funding for this project provided by the California Department of Forestry and Fire Protection's Forest Health Program as part of the California Climate Investments Program."

"One Tree Planted is a 501(c)(3) nonprofit that is on a mission to make it simple for anyone to help the environment by planting trees. Their projects span the globe and are done in partnership with local communities and environmental organizations to create an impact for nature, people, and wildlife."
